

URGES JOHNSON
TO VETO BILLBryan Tries to Stop California
Land Legislation.

DUE TO JAPANESE PROTEST

Federal Government's Decision to Ask State Executive to Withhold His Signature Follows Conferences Between the President, Secretary of State and John Bassett Moore, the Department's Counselor.

Washington, May 12.—The federal government's final effort to delay alien land owning legislation in California was made when Secretary Bryan, in the name of President Wilson, telegraphed Governor Johnson notifying him that the Japanese ambassador had earnestly protested against the bill passed by the California assembly and urging that the governor postpone action by withholding his signature.

Secretary Bryan's telegram was framed after a conference with the president.

The decision of the administration to urge Governor Johnson to use his power of veto to postpone any land legislation was reached after a series of conferences between the president, Secretary Bryan and John Bassett Moore, counselor of the state department, and frequent calls at the department by Ambassador Chinda.

It was realized that any further attempt to have the bill enacted by the California legislature amended would be fruitless, since Secretary Bryan's trip to Sacramento was unfavorable and the legislature is to adjourn Tuesday.

Will Await Johnson's Reply.

Until Governor Johnson's reply is received the government probably will make no reply to the protest of Japan, further than to acquaint the ambassador with the fact that every possible effort has been made to have action in California delayed pending a settlement of the problems involved by diplomacy.

Whether the governor complies with the administration's request there probably will be important diplomatic negotiations between the United States and Japan immediately.

If the land bill is vetoed the president and Secretary Bryan will have to undertake to carry out their promise to accomplish, through diplomacy, the end sought by the Californians.

There has been no intimation of what may be expected in the event the governor gives the bill his signature.

A test in the courts is regarded as a certainty if the law becomes effective and in spite of the silence at the White House and state department there still is talk of the possibility of employing the referendum as a means for delaying the effectiveness of the proposed law for at least nearly two years.

WILL YIELD BIG REVENUE

Estimate of Amount Income Tax May Produce.

Washington, May 12.—The ways and means committee estimates that the income tax will bring in \$70,125,000 from 424,000 persons. Representative Cordell Hull, income tax expert of the committee, says that is a low estimate. The income tax law will cover all states, Hawaii, Porto Rico, Alaska and the Philippines.

The corporation tax, which was first collected for the fiscal year ending Dec. 31, 1910, has resulted in the following collections:

For 1910, \$28,000,000; for 1911, \$33,511,525, and 1912, \$28,583,259.81.

The income tax will produce almost three times as much annually as the corporation tax.

SEEKING WORLDWIDE PEACE

Conferees Ask Nations to Join in Ghent Celebration.

New York, May 12.—Nations of the world are urged to join the United States, Great Britain, Canada, Newfoundland and Australia and the municipality of Ghent in making the celebration of 100 years of peace among English speaking peoples signalize a new era of international good will.

The invitation was issued by the international conferees now in this country arranging this celebration. The American secretary of state and British secretary of state for foreign affairs are asked to transmit the invitation to other governments.

It Often Comes.

In a Scotch Sunday school the lady teacher, after speaking on the subject of death, asked, "And what comes after death?" Instantly a bright little girl called out eagerly, "A fight about the money."

Resigns Seat in Congress.

Washington, May 12.—Representative H. O. Young of Ishpeming, Mich., announced in a speech in the house his intention of resigning his seat. He discussed the contest instituted by William McDonald, a Progressive, saying 458 votes intended for McDonald had not been counted for him and he did not feel justified in holding his seat. Mr. Young was a candidate on the Republican ticket.

VICTOR L. BERGER.

Will Look Into Mining Conditions in West Virginia.

© 1912, by American Press Association.

TO PROBE MINE CONDITIONS

Socialist Committee to Enter West Virginia Coal Fields.

Chicago, May 12.—Victor L. Berger, former Socialist member of congress from Milwaukee, Eugene V. Debs, Socialist candidate for president, and Adolph Germer of Illinois, were appointed a committee of the Socialist party to investigate the conditions of miners in West Virginia and make a personal report to President Wilson. The committee was named at a meeting of the national committee of the Socialist party.

The committee also addressed a memorial to President Wilson, declaring that a reign of terror exists in West Virginia, and asking for an investigation by the department of justice.

SIX PERSONS DROWN
IN WISCONSIN RIVERBoat Capsizes After Striking
Submerged Pier.

Wausau, Wis., May 12.—Six persons were drowned in the Wisconsin river at Stroller's bridge in the southern part of the city.

The dead are: Gustave Jahnke, furniture manufacturer; Herman Roehl, his brother-in-law; Gustave, twelve; Lenora, ten; Gertrude, six; Walter, three, children of Jahnke.

Four others, Herman Rotloff, Walter Roehl, son of Herman; Henry and Gilbert Jahnke, sons of Gustave, were in the boat but escaped.

The party was in a small motorboat on a pleasure excursion. A pier of the bridge which was washed out last summer had been left under the new bridge, partly submerged. The boat struck this pier, a panic resulted and the craft was capsized. Rotloff and Walter Roehl held to the boat and were towed ashore with it. Gilbert Jahnke seized his young brother Henry and managed to keep himself afloat until he drifted ashore.

A number of persons saw the accident but were powerless to give assistance, owing to the swiftness of the current. The bridge is near the head of Lake Wausau.

SCHURZ MEMORIAL UNVEILED

First German Born Citizen to Enter Senate Honored.

New York, May 12.—A bronze memorial monument to Carl Schurz was unveiled on Morningside drive in the presence of many distinguished German and American citizens and members of the family of the former cabinet officer, the first German born citizen to enter the United States senate.

The monument was paid for by subscriptions raised in all parts of the country.

It was announced that a memorial of some kind will be placed at Hampton Institute, Virginia, whither the first Indians selected by Schurz for government education were sent.

YOUNG BRIDE KILLED.

Cottonwood Falls, Kan., May 12.—Mrs. D. G. Hertz of Kansas City, a bride of four days, was killed and her husband was severely injured near here when a train struck the automobile in which they were taking a honeymoon tour.

WILL SETTLE OLD CLAIMS

Arbitration Court to Decide Demands for Damages.

Washington, May 12.—Great Britain and the United States will begin to clean the diplomatic slate Tuesday, when the international tribunal for arbitration of outstanding pecuniary claims between the two nations will hold its first meeting here.

There has been no judicial settlement of any such claims since 1853. The American claims aggregate \$4,330,000; the British \$2,966,000.

JAPANESE ARE
STRONG IN WARFighters From Start to Finish,
Say Knowing Ones.

WELL DRILLED AND LOYAL.

Their Patriotism Almost Equals That of the Moslems Who Fight For the Name of Their Prophet, and They Are Alert and Intelligent—Small Likelihood of Trouble.

By ARTHUR W. DUNN.

Washington, May 12.—[Special.]—Possibility of a brush with the Japanese has caused discussion of the Japanese soldiers and sailors by those who know them pretty well, and there is not a person who has observed them closely who does not say that they are fighters from start to finish. More than that, the Japs are well disciplined and well drilled.

The officers who saw the Japanese fighting the Russians assert that the little fellows are neat, alert, intelligent, and drill like clock work. Besides that, they seem to have an intense patriotism, equal to that almost of the Moslems who fight for the name of Mohammed. Altogether the impression prevails that in case we ever do have any trouble with Japan there will be real fighting for both the army and navy.

Security in Washington.

But notwithstanding all the talk that is heard there is general security in Washington and an abiding faith that war will not come. It is expected that Japan may denounce and abrogate the present treaty with the United States as an evidence of displeasure and as a sop to the discontented and fiery people of that country, but that the wise men of that country will not allow war as a result of the legislation in California.

Don't Like "Militia."

The soldiers of the national guard, the second line of defense in this country, are tiring of the name "militia," by which they are so often called and which is the constitutional and lawful name, although national guard is coming slowly into use. Strictly speaking, the "militia" is that citizen soldiery between the ages of eighteen and forty-five which is liable to military service. The national guard are enlisted state troops.

Underwood Confident.

Replying to an intimation that the tariff bill might be materially amended in the senate and the house forced to accept the changes, Chairman Underwood only smiled and remarked, "I am not a prophet, but I will venture the assertion that this bill will not be changed very much anywhere and will become a law in very much its present form." The fact that the western senators failed to make any impression on President Wilson indicates that Underwood knows what he is talking about.

After a Scalp.

The Colorado Democratic congressmen seem to have decided to take the scalp of Congressman Mondell of Wyoming. They have "gone after" him in speeches and announced that they will "go after" him in the next campaign. They promise to tell the people "all they know about him." Mondell, who has represented Wyoming for twenty years, smiles complacently at these threats and continues his former ways.

Displayed "Boishness."

There were times when the tariff debate in the house developed a spirit of "boishness." Members talked back and forth at each other in a way to show that they are what John Sharp Williams called "boys grown up." Langley and Thomas of Kentucky indulged in what might be termed "house repartee" over moonshine whisky and its use. At another time Thomas took a fling at Murdock's red hair and at Mann's whiskers. Mann came back with something about "bewhiskled" Kentuckians. Bits of brightness, so to speak, are flung about from time to time of a similar character. And all the time Underwood kept driving, driving, pushing, pushing, the bill forward, never losing his patience or losing a single item in the bill.

Fordney's Relationship.

Congressman Fordney of Michigan was defending a duty on shingles, although asserting that he was not in the business. "I am a lumberman," he said; "I am not a shingle manufacturer. My wife had an uncle whose cousin had a brother married to a girl whose uncle was in the shingle business."

"Can you say that again and say it the same way?" asked Palmer of Pennsylvania.

Senate or House Leader.

Oscar W. Underwood, like Champ Clark a few years ago, must determine whether he wants to stay in the house or try for the senate. Clark might have been elected to the senate if he had not preferred the speakership, with the further possibility of winning the presidency.

Until the new regime in the house few men would have been willing to remain as house leader if there was a senatorship in sight. But Underwood is very powerful in the house now, and he may decide that he would rather remain in his present position, with the possibilities of what might happen three years hence, rather than try for the seat in the senate.

Marriage.

Marriage is a sacred rite by which a man subjects himself to perpetual cross examination.—Philadelphia Ledger.

SECRETARY M'ADOO.

Will Establish Laundry in Treasury Department.

READY TO LAUNDRY MONEY

McAdoo to Give Washing Machines Trial.

Washington, May 12.—The federal government's "money laundry" will be in full swing this week when the treasury department will begin operation of four currency washing machines, turning out daily 100,000 washed and ironed notes, which otherwise would be destroyed.

Simultaneously with this experiment the question of forbidding washing of money because of alleged danger of counterfeiting is being agitated in congress.

Secretary McAdoo and Treasurer Burke, however, have announced their intention to give the machines a fair trial, devoting particular attention to the danger of counterfeiting.

PHILIPPINES ARE
SWEEPED BY TYPHOONMany People Killed and Several
Vessels Wrecked.

Manila, May 12.—The worst typhoon experienced in eight years struck the islands, causing many deaths and wrecking several small steamers and numerous lighter craft. The known fatalities at sea total fifty-eight, but the total death list from the storm is swelling with increasing reports.

It is believed no Americans lost their lives.

CROSSES ENGLISH CHANNEL

French Airman Makes Trip in Twenty Minutes.

London, May 12.—The French airman, Marcel G. Brindejono des Moulins, arrived at Hendon after a flight from Bremen. The aviator left Bremen at 8:40 o'clock Friday morning in a monoplane. He made a stop at Brussels and resumed his flight at 10:30 Sunday morning. At Calais he took on a fresh supply of petrol and crossed the channel at great speed and at a high altitude.

Passing Dover and Catterbury he struck the Thames near Gravesend and followed the river to London. He flew over the city at an altitude of 3,000 feet and arrived at Hendon at 3 p. m. The passage across the channel occupied twenty minutes, which is a new record.

RESULTS ON THE DIAMOND

Indian Killed by Train.

Winona, Minn., May 12.—Oliver Griener, sixty years old, one of the few surviving members of a famous band of Indians whose names are linked with the history of Trempealeau mountain on the Mississippi below here, was killed by a St. Paul train seven miles below here.

WISH TO DELAY
CURRENCY BILL

PLAN COURSES IN AVIATION

Colleges Call on Army and Navy for Men Versed in Science.

Washington, May 12.—Interest in aeronautics, particularly among technical universities and colleges, has greatly increased, following reopening of Langley laboratory at the Smithsonian institute as the nucleus for a national aerodynamic laboratory.

With a view to establishing courses in aeronautics a number of technical colleges have applied to both the army and navy for the detail of officers versed in the science to help them to outline courses of study.

The first officer to be detailed on this work is Lieutenant J. C. Hucksacker, naval constructor, who will be sent to the Massachusetts Institute of Technology.

EXPLOSION DESTROYS TOWN

Three Men Killed and Number of Persons Injured.

Unlontown, Pa., May 12.—The explosion of 500 sticks of dynamite in the magazine of the Sunshine Coal and Coke company's mine No. 1, three miles from Masontown, Pa., practically wiped out the little mining settlement, killed three men and injured forty persons, twenty of them seriously. The cause of the explosion is not known.

The general store, the residence of Francis Rocks, an official of the company, and twenty-five dwellings were made uninhabitable and the residents were forced to move to another mining settlement.

GREEKS MAY DELAY PEACE

Refuse to Accept Draft of the Treaty Drawn Up.

London, May 12.—The Turkish delegates arrived in London for the peace conference.

Dispatches from Sofia indicate that the Greek government is trying to delay conclusion of peace by refusing to accept the draft of the treaty drawn up by the ambassadorial conference.

The Bulgarian government, however, has notified Greece of its determination to permit no further delay in signing the peace treaty.

Friction between Bulgaria and Greece still menaces the situation.

TROOP TRAINS CRASH.

Saloniki, May 12.—Two Bulgarian military trains collided between Drama and Buk. One hundred persons were killed and three hundred injured.

WILSONS TO BE ARTISTE HOATS.

Washington, May 12.—The American Federation of Arts will assemble here May 15 and 16 for its fourth annual convention. Mrs. Woodrow Wilson, wife of the president, herself an artist, will entertain the delegates at a garden party at the White House May 16.

Many Solons Oppose Action at
Present Session.

WILL FIND OUT SENTIMENT

President Wilson Intends Getting in Touch With Senators and Representatives and Ascertain Their Views Regarding Financial Reform—Republicans May Filibuster on Tariff Measure in the Senate.

Washington, May 12.—President Wilson's known purpose to keep in active touch with legislative and political affairs, first evidenced when he virtually declared the free wool and sugar schedules, was further emphasized last week when he, by personal endeavor, delayed the reorganization of the Democratic congressional campaign committee and again when he summoned house leaders to talk over organization of standing committees. His participation in the congressional committee plans caused considerable comment. It had been planned to reorganize the congressional committee and to elect Representative Benjamin Johnson of Kentucky chairman.

Johnson was the candidate championed by the friends of Speaker Clark and he had the speaker's endorsement. But at the president's request the election does not take place, old officers holding over temporarily until the president can be consulted further.

Continues Close Relations.

The president's policy of maintaining close relations with congress will continue this week, when he will seek to sound the sentiment of the senate with regard to plans for currency legislation and watch the work of the ways and means committee in reorganization of the house.

It has been made known to the president that many senators and representatives do not wish to remain to pass a currency bill in the special session after the tariff is disposed of. All are willing to have currency reform started, to prepare for hearings and a study of the question that a bill may be ready when congress meets in December.

Leaders close to the president, it is said, will take the matter up during the week. It will be pointed out that tariff and currency reform should come at the same time. Senators who wish to delay currency legislation will be asked to put aside personal convenience.

In the meantime the tariff fight in the senate will be resumed Tuesday. It is reported that Republicans are prepared to filibuster.

TAKEN TO SUPREME COURT

Attorney General Presses Fight for "Pure" Flour.

Washington, May 12.—The fight for "pure" flour has been carried to the supreme court by the department of justice. Attorney General McReynolds and Assistant Attorney General Adkins have filed with the court an application for a review of the decision of the eighth United States circuit court of appeals, which denied the right of the government to condemn flour bleached by electricity by the Aloop process.

The controversy turns upon the interpretation of that section of the pure food and drugs act which declares that an article shall be deemed adulterated if it contains any added poisonous ingredient which shall be injurious to health.

TEACHERS' PAY TOO SMALL

Uncle Sam Says They Do Not Get Enough Money.

Washington, May 12.—"Public school teachers of the United States do not receive enough salary to save money to carry adequate life insurance or to proceed with further professional training," announces a report of the United States bureau of education.

Despite an apparent increase in money received by them the high cost of living has cut into their salaries just as definitely as if a school board had sliced them.

"Rent and clothing are bigger items in the teacher's budget than in the laborer's," the report states.

"Teachers also spend relatively more than workmen for life insurance, amusement, vacations and the care of health."

BITE OF TONGUE IS FATAL

Boy at Fort William, Ont., Bleeds to Death From Injury.

Fort William, Ont., May 12.—William Gower, thirteen years old, the son of G. W. Gower, is dead as the result of loss of blood which flowed from his tongue following an accident on May 1.

Young Gower was struck during a schoolboy altercation at Central school. A blow caused him to bite his tongue. The flow of blood was never checked.

The boy was known to the medical profession as a bleeder.

URGES JOHNSON
TO VETO BILLBryan Tries to Stop California
Land Legislation.

DUE TO JAPANESE PROTEST

Federal Government's Decision to Ask State Executive to Withhold His Signature Follows Conferences Between the President, Secretary of State and John Bassett Moore, the Department's Counsellor.

Washington, May 12.—The federal government's final effort to delay alien land owning legislation in California was made when Secretary Bryan, in the name of President Wilson, telegraphed Governor Johnson notifying him that the Japanese ambassador had earnestly protested against the bill passed by the California assembly and urging that the governor postpone action by withholding his signature.

Secretary Bryan's telegram was framed after a conference with the president.

The decision of the administration to urge Governor Johnson to use his power of veto to postpone any land legislation was reached after a series of conferences between the president, Secretary Bryan and John Bassett Moore, counsellor of the state department, and frequent calls at the department by Ambassador Chinda.

It was realized that any further attempt to have the bill enacted by the California legislature amended would be fruitless, since Secretary Bryan's trip to Sacramento was unfavorable and the legislature is to adjourn Tuesday.

Will Await Johnson's Reply.

Until Governor Johnson's reply is received the government probably will make no reply to the protest of Japan, further than to acquaint the ambassador with the fact that every possible effort has been made to have action in California delayed pending a settlement of the problems involved by diplomacy.

Whether the governor complies with the administration's request there probably will be important diplomatic negotiations between the United States and Japan immediately.

If the land bill is vetoed the president and Secretary Bryan will have to undertake to carry out their promise to accomplish, through diplomacy, the end sought by the Californians.

There has been no intimation of what may be expected in the event the governor gives the bill his signature.

A test in the courts is regarded as a certainty if the law becomes effective and in spite of the silence at the White House and state department there still is talk of the possibility of employing the referendum as a means for delaying the effectiveness of the proposed law for at least nearly two years.

WILL YIELD BIG REVENUE

Estimate of Amount Income Tax May Produce.

Washington, May 12.—The ways and means committee estimates that the income tax will bring in \$70,125,000 from 424,000 persons. Representative Cordell Hull, income tax expert of the committee, says that is a low estimate. The income tax law will cover all states, Hawaii, Porto Rico, Alaska and the Philippines.

The corporation tax, which was first collected for the fiscal year ending Dec. 31, 1910, has resulted in the following collections:

For 1910, \$28,000,000; for 1911, \$33,511,525, and 1912, \$28,583,259.81.

The income tax will produce almost three times as much annually as the corporation tax.

SEEKING WORLDWIDE PEACE

Conferees Ask Nations to Join in Ghent Celebration.

New York, May 12.—Nations of the world are urged to join the United States, Great Britain, Canada, Newfoundland and Australia and the municipality of Ghent in making the celebration of 100 years of peace among English speaking peoples signalize a new era of international good will.

The invitation was issued by the international conferees now in this country arranging this celebration. The American secretary of state and British secretary of state for foreign affairs are asked to transmit the invitation to other governments.

It Often Comes.

In a Scotch Sunday school the lady teacher, after speaking on the subject of death, asked, "And what comes after death?" Instantly a bright little girl called out eagerly, "A fight about the money."

Resigns Seat in Congress.

Washington, May 12.—Representative H. O. Young of Ishpeming, Mich., announced in a speech in the house his intention of resigning his seat. He discussed the contest instituted by William McDonald, a Progressive, saying 458 votes intended for McDonald had not been counted for him and he did not feel justified in holding his seat. Mr. Young was a candidate on the Republican ticket.

SIX SENATORS
ATTEND SESSIONRepublicans Discuss Plans to
Reorganize Party.

LEADERS MEET AT CHICAGO

Although the Public Was Not Admitted the Participants Talk Freely Regarding What Transpired—Senator Kenyon Says Belief is General That Present National Committeemen Should Resign.

Chicago, May 12.—Proposals to reorganize the Republican party were discussed at a conference here between six United States Republican leaders representing nine states.

The immediate subject before the conference was regarding what action should be sought at the meeting of the Republican national convention at Washington, May 24, looking toward reorganizing the party along progressive lines, and as to whether there shall be a Republican national convention this year.

Although the public was not admitted Senator Albert Cummins stated "It was merely an informal discussion of what may be done for the best interests of the party by reorganizing it along progressive lines."

Presided over by Senator L. T. Sherman of Illinois the discussion was participated in by Senators Cummins, William E. Borah of Idaho, C. I. Crawford of South Dakota, A. J. Gronna of North Dakota, William S. Kenyon of Iowa, Congressman E. A. Hayes of California, Congressman J. W. Good of Iowa and many members of state legislatures.

"Did you come to a decision as to whether there ought to be a national convention this year?" Senator Cummins was asked.

National Convention Likely.

"We did not decide on that, but every one seems to feel that the condition of the party seems to necessitate a convention this year."

Somebody asked Senator Kenyon whether there was to be an effort made to get a new national committee.

"That subject did not come up, but most of us would have no objection if the present committeemen resigned," replied Senator Kenyon.

When the meeting adjourned Senator Sherman gave out what he said was a synopsis of the discussion.

"We considered," he said, "whether the national committee should be as inflexible in character as it has been. The opinion was that the committee would be amenable to public opinion and keep pace with what is going on. There was no definite action on the question of calling a national convention this year."

"The question arose as to whether the committee would issue a call and we felt that the national committee would yield to sentiment of Republicans generally on that point."

"We agreed that Southern representation in the convention should be cut down according to the strength of the party in each Southern state."

"Presidential primaries were not considered, but I think we are all agreed as being in favor of them."

CROWD BREAKS UP MEETING

Another Suffrage Riot Takes Place in Hyde Park.

London, May 12.—Another suffrage riot took place in Hyde park. The Men's League for Women's Suffrage had been given permission to hold a meeting. Several prominent workers addressed a crowd of several thousand from a truck, but the crowd kept up a running fire of interruptions, shouting "go home and make bombs." After a half hour's endeavor to get a hearing the league gave up and the speakers were about to withdraw when the crowd broke through the police ranks.

The wagon was overturned and partly wrecked. The police had difficulty in protecting the speakers and eventually had to escort them to the station for safety.

TRAGEDY FOLLOWS QUARREL

Farmer Claims Killing of Wife Was Accidental.

Minot, N. D., May 12.—John Steff, a farmer living twelve miles northwest of Minot, shot and instantly killed his wife after a quarrel regarding a trip to Minot proposed by Steff.

Mrs. Steff attempted to escape by hiding in a rain barrel. Steff brought a .45-caliber rifle from the barn and fired through the end of the barrel, killing the woman. The body was found later by Anna Steff, eleven, the oldest of six children. Steff notified the authorities and gave himself up. He was placed in the Ward county jail.

Steff admits the shooting, but says he did not know his wife was in the barrel, asserting he fired the rifle to remove the load, fearing the children would injure themselves.

VICTOR L. BERGER.
Will Look into Mining Conditions in West Virginia.

© 1912, by American Press Association.

TO PROBE MINE CONDITIONS

Socialist Committee to Enter West Virginia Coal Fields.

Chicago, May 12.—Victor L. Berger, former Socialist member of congress from Milwaukee, Eugene V. Debs, Socialist candidate for president, and Adolph Germer of Illinois, were appointed a committee of the Socialist party to investigate the conditions of miners in West Virginia and make a personal report to President Wilson. The committee was named at a meeting of the national committee of the Socialist party.

The committee also addressed a memorial to President Wilson, declaring that a reign of terror exists in West Virginia, and asking for an investigation by the department of justice.

SIX PERSONS DROWN
IN WISCONSIN RIVERBoat Capsizes After Striking
Submerged Pier.

Wausau, Wis., May 12.—Six persons were drowned in the Wisconsin river at Stroller's bridge in the southern part of the city.

The dead are: Gustave Jahnke, furniture manufacturer; Herman Roehl, his brother-in-law; Gustave, twelve; Lenora, ten; Gertrude, six; Walter, three, children of Jahnke.

Four others, Herman Rotloff, Walter Roehl, son of Herman; Henry and Gilbert Jahnke, sons of Gustave, were in the boat but escaped.

The party was in a small motorboat on a pleasure excursion. A pier of the bridge which was washed out last summer had been left under the new bridge, partly submerged. The boat struck this pier, a panic resulted and the craft was capsized. Rotloff and Walter Roehl held to the boat and were towed ashore with it. Gilbert Jahnke seized his young brother Henry and managed to keep himself afloat until he drifted ashore.

A number of persons saw the accident but were powerless to give assistance, owing to the swiftness of the current. The bridge is near the head of Lake Wausau.

SCHURZ MEMORIAL UNVEILED

First German Born Citizen to Enter Senate Honored.

New York, May 12.—A bronze memorial monument to Carl Schurz was unveiled on Morningside drive in the presence of many distinguished German and American citizens and members of the family of the former cabinet officer, the first German born citizen to enter the United States senate.

The monument was paid for by subscriptions raised in all parts of the country.

It was announced that a memorial of some kind will be placed at Hampton Institute, Virginia, whither the first Indians selected by Schurz for government education were sent.

YOUNG BRIDE KILLED.

Cottonwood Falls, Kan., May 12.—Mrs. D. G. Hurtz of Kansas City, a bride of four days, was killed and her husband was severely injured near here when a train struck the automobile in which they were taking a honeymoon tour.

WILL SETTLE OLD CLAIMS

Arbitration Court to Decide Demands for Damages.

Washington, May 12.—Great Britain and the United States will begin to clean the diplomatic slate Tuesday, when the international tribunal for arbitration of outstanding pecuniary claims between the two nations will hold its first meeting here.

There has been no judicial settlement of any such claims since 1853. The American claims aggregate \$4,330,000; the British \$2,966,000.

JAPANESE ARE
STRONG IN WARFighters From Start to Finish,
Say Knowing Ones.

WELL DRILLED AND LOYAL.

Their Patriotism Almost Equals That of the Moslems Who Fight For the Name of Their Prophet, and They Are Alert and Intelligent—Small Likelihood of Trouble.

By ARTHUR W. DUNN.

Washington, May 12.—[Special.]—Possibility of a brush with the Japanese has caused discussion of the Japanese soldiers and sailors by those who know them pretty well, and there is not a person who has observed them closely who does not say that they are fighters from start to finish. More than that, the Japs are well disciplined and well drilled.

The officers who saw the Japanese fighting the Russians assert that the little fellows are neat, alert, intelligent, and drill like clock work. Besides that, they seem to have an intense patriotism, equal to that almost of the Moslems who fight for the name of Mohammed. Altogether the impression prevails that in case we ever do have any trouble with Japan there will be real fighting for both the army and navy.

Security in Washington.

But notwithstanding all the talk that is heard there is general security in Washington and an abiding faith that war will not come. It is expected that Japan may denounce and abrogate the present treaty with the United States as an evidence of displeasure and as a sop to the discontented and fiery people of that country, but that the wise men of that country will not allow war as a result of the legislation in California.

Don't Like "Militia."

The soldiers of the national guard, the second line of defense in this country, are tiring of the name "militia," by which they are so often called and which is the constitutional and lawful name, although national guard is coming slowly into use. Strictly speaking, the "militia" is that citizen soldiery between the ages of eighteen and forty-five which is liable to military service. The national guard are enlisted state troops.

Underwood Confident.

Replying to an insinuation that the tariff bill might be materially amended in the senate and the house forced to accept the changes, Chairman Underwood only smiled and remarked, "I am not a prophet, but I will venture the assertion that this bill will not be changed very much anywhere and will become a law in very much its present form." The fact that the western senators failed to make any impression on President Wilson indicates that Underwood knows what he is talking about.

After a Scalp.

The Colorado Democratic congressmen seem to have decided to take the scalp of Congressman Mondell of Wyoming. They have "gone after" him in speeches and announced that they will "go after" him in the next campaign. They promise to tell the people "all they know about him." Mondell, who has represented Wyoming for twenty years, smiles complacently at these threats and continues his former ways.

Displayed "Boynishness."

There were times when the tariff debate in the house developed a spirit of "boynishness." Members talked back and forth at each other in a way to show that they are what John Sharp Williams called "boys grown up." Langley and Thomas of Kentucky indulged in what might be termed "house repartee" over moonshine whisky and its use. At another time Thomas took a fling at Murdock's red hair and at Mann's whiskers. Mann came back with something about "bewhiskered" Kontuckians. Bits of brightness, so to speak, are flung about from time to time of a similar character. And all the time Underwood kept driving, driving, pushing, pushing, the bill forward, never losing his patience or losing a single item in the bill.

Fordney's Relationship.

Congressman Fordney of Michigan was defending a duty on shingles, although asserting that he was not in the business. "I am a lumberman," he said; "I am not a shingle manufacturer. My wife had an uncle whose cousin had a brother married to a girl whose uncle was in the shingle business."

"Can you say that again and say it the same way?" asked Palmer of Pennsylvania.

Senate or House Leader.

Oscar W. Underwood, like Champ Clark a few years ago, must determine whether he wants to stay in the house or try for the senate. Clark might have been elected to the senate if he had not preferred the speakership, with the further possibility of winning the presidency.

Until the new regime in the house few men would have been willing to remain as house leader if there was a senatorship in sight. But Underwood is very powerful in the house now, and he may decide that he would rather remain in his present position, with the possibilities of what might happen three years hence, rather than try for the seat in the senate.

Marriage.

Marriage is a sacred rite by which a man subjects himself to perpetual cross examination.—Philadelphia Ledger.

SECRETARY M'ADOO.
Will Establish Laundry in Treasury Department.

READY TO LAUNDER MONEY

McAdoo to Give Washing Machines Trial.

Washington, May 12.—The federal government's "money laundry" will be in full swing this week when the treasury department will begin operation of four currency washing machines, turning out daily 100,000 washed and ironed notes, which otherwise would be destroyed.

Simultaneously with this experiment the question of forbidding washing of money because of alleged danger of counterfeiting is being agitated in congress.

Secretary McAdoo and Treasurer Burke, however, have announced their intention to give the machines a fair trial, devoting particular attention to the danger of counterfeiting.

PHILIPPINES ARE
SWEEPED BY TYPHOONMany People Killed and Several
Vessels Wrecked.

Manila, May 12.—The worst typhoon experienced in eight years struck the islands, causing many deaths and wrecking several small steamers and numerous lighter craft. The known fatalities at sea total fifty-eight, but the total death list from the storm is swelling with increasing reports.

It is believed no Americans lost their lives.

CROSSES ENGLISH CHANNEL

French Airman Makes Trip in Twenty Minutes.

London, May 12.—The French airman, Marcel G. Brindejono des Moulins, arrived at Hendon after a flight from Bremen. The aviator left Bremen at 8:40 o'clock Friday morning in a monoplane. He made a stop at Brussels and resumed his flight at 10:30 Sunday morning. At Calais he took on a fresh supply of petrol and crossed the channel at great speed and at a high altitude.

Passing Dover and Catterbury he struck the Thames near Gravesend and followed the river to London. He flew over the city at an altitude of 3,000 feet and arrived at Hendon at 3 p. m. The passage across the channel occupied twenty minutes, which is a new record.

RESULTS ON THE DIAMOND

Indian Killed by Train.

Winona, Minn., May 12.—Olliver Griennon, sixty years old, one of the few surviving members of a famous band of Indians whose names are linked with the history of Trempealeau mountain on the Mississippi below here, was killed by a St. Paul train seven miles below here.

WISH TO DELAY
CURRENCY BILL

PLAN COURSES IN AVIATION

Colleges Call on Army and Navy for Men Versed in Science.

Washington, May 12.—Interest in aeronautics, particularly among technical universities and colleges, has greatly increased, following reopening of Langley laboratory at the Smithsonian institute as the nucleus for a national aerodynamic laboratory.

With a view to establishing courses in aeronautics a number of technical colleges have applied to both the army and navy for the detail of officers versed in the science to help them to outline courses of study.

The first officer to be detailed on this work is Lieutenant J. C. Hucksacker, naval constructor, who will be sent to the Massachusetts Institute of Technology.

EXPLOSION DESTROYS TOWN

Three Men Killed and Number of Persons Injured.

Uniontown, Pa., May 12.—The explosion of 500 sticks of dynamite in the magazine of the Sunshine Coal and Coke company's mine No. 1, three miles from Masontown, Pa., practically wiped out the little mining settlement, killed three men and injured forty persons, twenty of them seriously. The cause of the explosion is not known.

The general store, the residence of Francis Rocks, an official of the company, and twenty-five dwellings were made uninhabitable and the residents were forced to move to another mining settlement.

GREEKS MAY DELAY PEACE

Refuse to Accept Draft of the Treaty Drawn Up.

London, May 12.—The Turkish delegates arrived in London for the peace conference.

Dispatches from Sofia indicate that the Greek government is trying to delay conclusion of peace by refusing to accept the draft of the treaty drawn up by the ambassadorial conference.

The Bulgarian government, however, has notified Greece of its determination to permit no further delay in signing the peace treaty.

Friction between Bulgaria and Greece still menaces the situation.

TROOP TRAINS CRASH.

Saloniki, May 12.—Two Bulgarian military trains collided between Drama and Buk. One hundred persons were killed and three hundred injured.

Wilsons to Be Artists' Hosts.

Washington, May 12.—The American Federation of Arts will assemble here May 15 and 16 for its fourth annual convention. Mrs. Woodrow Wilson, wife of the president, herself an artist, will entertain the delegates at a garden party at the White House May 16.

St. Paul Hay.

St. Paul, May 12.—Choice timothy, \$16.50; No. 1 timothy, \$15.00@15.75; No. 1 clover mixed, \$13.00@13.75; No. 1 mixed, \$12.00@12.75; choice upland, \$13.50@14.00; No. 1 upland, \$11.00@11.75; No. 1 alfalfa, \$16.00@16.75.

TEACHERS' PAY TOO SMALL

Uncle Sam Says They Do Not Get Enough Money.

Washington, May 12.—"Public school teachers of the United States do not receive enough salary to save money to carry adequate life insurance or to proceed with further professional training," announces a report of the United States bureau of education.

Despite an apparent increase in money received by them the high cost of living has cut into their salaries just as definitely as if a school board had sliced them.

"Rent and clothing are bigger items in the teacher's budget than in the laborer's," the report states.

"Teachers also spend relatively more than workmen for life insurance, religious purposes, charity, amusement, vacations and the care of health."

BITE OF TONGUE IS FATAL

Boy at Fort William, Ont., Bleeds to Death From Injury.

Fort William, Ont., May 12.—William Gower, thirteen years old, the son of G. W. Gower, is dead as the result of loss of blood which flowed from his tongue following an accident on May 1.

Young Gower was struck during a schoolboy altercation at Central school. A blow caused him to bite his tongue. The flow of blood was never checked.

The boy was known to the medical profession as a bleeder.

Many Solons Oppose Action at
Present Session.

WILL FIND OUT SENTIMENT

President Wilson Intends Getting in Touch With Senators and Representatives and Ascertain Their Views Regarding Financial Reform—Republicans May Filibuster on Tariff Measure in the Senate.

Washington, May 12.—President Wilson's known purpose to keep in active touch with legislative and political affairs, first evidenced when he virtually declared the free wool and sugar schedules, was further emphasized last week when he, by personal endeavor, delayed the reorganization of the Democratic congressional campaign committee and again when he summoned house leaders to talk over organization of standing committees.

His participation in the congressional committee plans caused considerable comment. It had been planned to reorganize the congressional committee and to elect Representative Benjamin Johnson of Kentucky chairman.

Johnson was the candidate championed by the friends of Speaker Clark and he had the speaker's endorsement. But at the president's request the election does not take place, old officers holding over temporarily until the president can be consulted further.

Continues Close Relations.

The president's policy of maintaining close relations with congress will continue this week, when he will seek to sound the sentiment of the senate with regard to plans for currency legislation and watch the work of the ways and means committee in reorganization of the house.

It has been made known to the president that many senators and representatives do not wish to remain to pass a currency bill in the special session after the tariff is disposed of. All are willing to have currency reform started, to prepare for hearings and a study of the question that a bill may be ready when congress meets in December.

Leaders close to the president, it is said, will take the matter up during the week. It will be pointed out that tariff and currency reform should come at the same time. Senators who wish to delay currency legislation will be asked to put aside personal convenience.

In the meantime the tariff fight in the senate will be resumed Tuesday. It is reported that Republicans are prepared to filibuster.

TAKEN TO SUPREME COURT

Attorney General Presses Fight for "Pure" Flour.

Washington, May 12.—The fight for "pure" flour has been carried to the supreme court by the department of justice. Attorney General McReynolds and Assistant Attorney General Adkins have filed with the court an application for a review of the decision of the eighth United States circuit court of appeals, which denied the right of the government to condemn flour bleached by electricity by the Alsop process.

The controversy turns upon the interpretation of that section of the pure food and drugs act which declares that an article shall be deemed adulterated if it contains any added poisonous ingredient which shall be injurious to health.

SEEKING WORLDWIDE PEACE

Conferees Ask Nations to Join in Ghent Celebration.

New York, May 12.—Nations of the world are urged to join the United States, Great Britain, Canada, Newfoundland and Australia and the municipality of Ghent in making the celebration of 100 years of peace among English speaking peoples signalize a new era of international good will.

The invitation was issued by the international conferees now in this country arranging this celebration. The American secretary of state and British secretary of state for foreign affairs are asked to transmit the invitation to other governments.

THE WEATHER

Temperature record taken at Gull lake dam, by caretaker, Arthur L. Hampel.

May 12, maximum 62, minimum 31. May 11, Maximum 62, minimum 39.

The Pillager barber shop has installed a new soda fountain, and the Walker Pilot remarks that "you can get a shampoo in any flavor you wish."

The new chief of police at Little Falls adds a dog to the force and although he puts in full hours his caninship is not on the pay roll. The first chief under the new administration was unable to qualify and was let out.

The city council of Little Falls raised the saloon license in that city from \$500 to \$1,000 and the mayor vetoed the measure, giving as a reason the effect it would have on rentals, conveying the idea that it would put some of the saloons out of business and thereby leaving the buildings vacant, and that the throwing of a number of business men out of business would cause a great hardship.

Hon. C. A. Lindbergh paused long enough in the writing of his book on the money question to vote against the democratic tariff measure. Mr. Lindbergh says that there are many things in the tariff bill that appeal to him but that as he cannot vote on them separately he is constrained to cast his vote in the negative as the things he cannot support are in the majority, especially relating to the agricultural products of the northwest.

The report of the committee on public accounts and expenditures of the recent legislative session praises the work of the state auditor's office under S. G. Iverson, and a perusal of the same will show that the condition of things is much different than were supposed from the criticisms published in various state papers, and the document can be read with profit by the general public interested in state matters. The committee criticizes the law under which the

Ayer's Pills

Before the Railroad and Warehouse Commission of the State of Minnesota

In the Matter of the Application of the Minnesota & International Railway Company to abandon a part of its line.

The Minnesota & International Railway Company makes application to abandon the portion of its main line of railway, described as follows:

"Beginning at a point, known as station 142-1-57, which said point is situated in the center of the main track of the aforesaid railway company, and in Lot 4 of Section 26, Township 134 north, Range 28 west of the Fifth Principal Meridian; thence extending from said point of beginning, in a southerly, direction over and across the Mississippi River, for a distance of about 4600 feet, to the south line of Section 18, Township 45 North, Range 30 West; said point of termination may be further described as being the point of intersection of the said south line of the said section 18 with the center line of the aforesaid railway company's main track."

The applicant proposes to substitute for the line to be abandoned, a new main line of railway, to be constructed of easier gradients and lighter curvature, for its entrance into the city of Brainerd. The new line to begin at a point known and designated as Station O, situated in the Southwest quarter (SW 1/4) of the Northeast quarter (NE 1/4) of Section 23, Township 134 North Range 28 West; thence extending from said point of beginning in a southerly, direction over and across the Mississippi River, for a distance of about 4600 feet, to the south line of Section 18, Township 45 North, Range 30 West; said point of termination may be further described as being the point of intersection of the said south line of the said section 18 with the center line of the aforesaid railway company's main track."

It is Therefore Ordered, that a hearing on said petition be heard at the offices of the Minnesota & International Railway Company, in the City of Brainerd, Minnesota, on the 14th day of May, 1913, at two o'clock in the afternoon; where objections, if any, will be heard to the granting of said application; that notice of such hearing be given by a publication of this order in the Brainerd Daily Dispatch, a newspaper printed, published and circulated in the City of Brainerd, Minnesota, on the 10th, 12th and 13th day of May, 1913.

(Seal of the) BY THE COMMISSION,
Rate and Warehouse, A. C. CLAUSEN,
house Commission) Secretary.

Dated at St. Paul, Minn., May 6th A. D. 1913.

get a shampoo in any flavor you
wish."

The new chief of police at Little
Falls adds a dog to the force and al-
though he puts in full hours his can-
ineship is not on the pay roll. The
first chief under the new administra-
tion was unable to qualify and was
let out.
The city council of Little Falls
raised the saloon license in that city
from \$500 to \$1,000 and the mayor
vetoes the measure, giving as a rea-
son the effect it would have on res-
idents, conveying the idea that it would
put some of the saloons out of busi-
ness and thereby leaving the build-
ings vacant, and that the throwing
of a number of business men out of
business would cause a great hard-
ship.

Hon. C. A. Lindbergh paused long
enough in the writing of his book on
the money question to vote against
the democratic tariff measure. Mr.
Lindbergh says that there are many
things in the tariff bill that appeal
to him but that as he cannot vote on
them separately he is constrained to
cast his vote in the negative as the
things he cannot support are in the
majority, especially relating to the
agricultural products of the north-
west.

The report of the committee on
public accounts and expenditures of
the recent legislative session praises
the work of the state auditor's office
under S. G. Iverson, and a perusal of
the same will show that the condi-
tion of things is much different than
were supposed from the criticisms
published in various state papers, and
the document can be read with pro-
fit by the general public interested
in state matters. The committee
criticizes the law under which the

quire at
G. HALVORSON
205 Citizens State Bank Bldg., City

**Before the Railroad and Warehouse Com-
mission of the State of Minnesota**
In the Matter of the Application of the
Minnesota & International Railway Com-
pany to abandon a part of its line.
The Minnesota & International Rail-
way Company makes application to
abandon the portion of its main line of
railway, described as follows:
"Beginning at a point, known as sta-
tion 142-57, which said point is sit-
uate in the center of the main track of
the aforesaid railway company, and in
Lot 4 of Section 26, Township 134 north,
Range 23 west of the Fifth Principal
Meridian, thence extending from said
point of beginning, in a southerly di-
rection, over and across the Mississippi
River, for a distance of about 1400 feet
to the south line of Section 18, Township
45 North, Range 30 West; said point of
termination may be further described
as being the point of intersection of the
said south line of the said section 18
with the center line of the aforesaid
railway company's main track."
The applicant proposes to substitute
for the line to be abandoned, a new main
line of railway, to be constructed of
easier gradients and lighter curvature,
for its entrance into the city of Brainerd.
The new line to begin at a point
known and designated as Station O, sit-
uate in the Northwest quarter (SW 1/4)
of the Northeast quarter (NE 1/4)
of Section 23, Township 134 North Range
23 West, thence extending from said
point of beginning in a southeasterly,
southerly and easterly direction, for a
distance of about 2.52 miles, and inter-
secting with the main track of the
Northern Pacific Railway at a point sit-
uate in said Northwest Pacific main track,
between Third and Fourth Streets in
West Brainerd.
It is Therefore Ordered, that a hear-
ing on said petition be heard at the
offices of the Minnesota & International
Railway Company, in the City of Brainerd,
Minnesota, on the 14th day of May,
1913, at two o'clock in the afternoon,
where objections, if any, will be heard
to the granting of said application;
that notice of this order be given by a
publication of this order in the Brainerd
Daily Dispatch, a newspaper printed,
published and circulated in the City of
Brainerd, Minnesota, on the 10th, 12th
and 13th day of May, 1913.

BRainerd 10, CROSBY 6 RUNS

Range Town Puts up a Game Fight,
But is Eventually Snowed Under
by Brainerd

NEVERS, A PROMISING PITCHER

Cook, Zierke and Bush on Firing Line
For Brainerd—Cook Strikes
Out 13

Brainerd beat Crosby 6 to 10 in Sunday's game. Up to the first half of the fourth inning the figures were 3 to 1, in favor of Crosby, and the mining town team of the north range felt rather cheery in consequence.

Then came the fatal half of the fourth when Brainerd solved Nevers' delivery and fell on the pitcher's curves with a vengeance. Before the smoke had settled seven runs had stampeded their way across the plate. It was a glorious swat fest. Everybody got a whack at the ball and it looked as though the team was good for a second round. The day fireworks excelled anything the Fourth of July committee could buy in Chicago.

The air was indigo blue around the Crosby stamping grounds. The feeling of confidence had fled.

Cook pitched six innings, struck out over a dozen and lambasting the ball over the lot whenever he came to bat. Zierke was put in the box. He threw one to Hillis and the Crosby batter nailed a bee liner which Zierke stopped with his bare hand and hurt himself. Three runs were netted from his delivery.

He was succeeded by Richard Bush, brother of the great Leslie. Bush struck out two, copped fouls, fielded his position well and his work was air tight. No runs crept in and the game was over.

The crowd filled the grand stand and the bleachers and the hillside had its usual quota. Tom Considine umpired the game and there were no kicks.

Crosby put up a good game, considering the fact that they had had very little team practice. Their fielding was good, the work in the outer garden being especially good. It is said that T. E. Siebenthal, mining engineer at the Inland Steel company, is being groomed as a pitcher of the club. The work of the team

was superior to that put up by the league team which Crosby had last year. R. H. Warren is the manager and had very little time to get his nine together. They want a return game.

President of the Council Lagerquist, at the first meeting of the council, apportioned committee work to various committees and now that they are announced, they will be able to take up the matters entrusted to their care and be able to report at the next meeting, May 19.

In the end you will come to Hindip Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv. 273

A HOME CELEBRATION

Why Brainerd Should Celebrate at Home This Year and Not Go Elsewhere—Good Program

B. C. McNamara, in an interview today stated some reasons why Brainerd should celebrate at home. "It gives an opportunity to advertise our city and attract strangers here who will get acquainted with the city and its people. When they are here, we can show them what we have in town, and what we expect to have. Entertaining them with a large and well planned celebration is the best thing Brainerd could do at the present time, when the iron mines are about to open up. The visitors would appreciate a good celebration and it would bring most of the Cuyuna range to Brainerd on the Fourth.

"The Fourth of July committee has a fine program of day and night fireworks and a list of free attractions, also a big union and business men's parade with promises of a good many floats for the parade. There will also be a speaker of note, sports of all kinds and a ball game—in fact, something doing every minute of the day.

"But it takes money to make this celebration go. The finance committee must get together at least \$1500 to carry on a good celebration, as there would be no use to advertise a poor one. This is the last week to work on this and if the business men and office men support the committee which will go out Monday, May 19, we can make it a success. The unions and fraternal orders heard from have donated handsomely. So don't turn down the soliciting committee Monday when they call on you. Help boost Brainerd and put your name on the list."

MAKES A PLEA FOR EFFICIENCY

R. E. Denfeld, Superintendent of the Duluth Schools, Delivers Address at Teachers

MEETING IN THE HIGH SCHOOL

Asked the Cooperation of Teachers and Parents to Solve Educational Problems

Before an audience of teachers of the county and parents of the city, R. E. Denfeld, superintendent of schools of Duluth, pleaded for more efficiency in school work. The Duluth pedagogues is a dynamic force when it comes to giving expression to eloquent thought and vigorous diction. His forceful phrases expressed his meaning so aptly that many lingered in the minds of the audience.

The program at the high school auditorium was presided over by Miss Mae Staples. Following two sweetly sung selections by the girls glee club was a Victrola number. Mr. Ferguson explained to the audience how it had been purchased from part of the proceeds of the "Princess Bonfire" recently given by the high school under the capable direction of the supervisor of music, Mrs. E. Gertrude Prescott and he paid a high tribute to her work as a director.

Mr. Denfeld, in his address, said that at the root of efficiency was the idea, "Get Results." No matter what line of work a man or woman was in, the idea, the test of training, was, get the results. Cooperation was needed too. The beginning of this twentieth century saw cooperation the watchword. In politics as well as business, people must get together to attain some definite end. When Duluth people saw that the various departments of city government did not cooperate, they demanded results and greater efficiency. They asked for a commission form of government and it was adopted by a large vote.

The speaker referred to the Panama canal where American efficiency was completing the canal which French incompetency had previously made a failure.

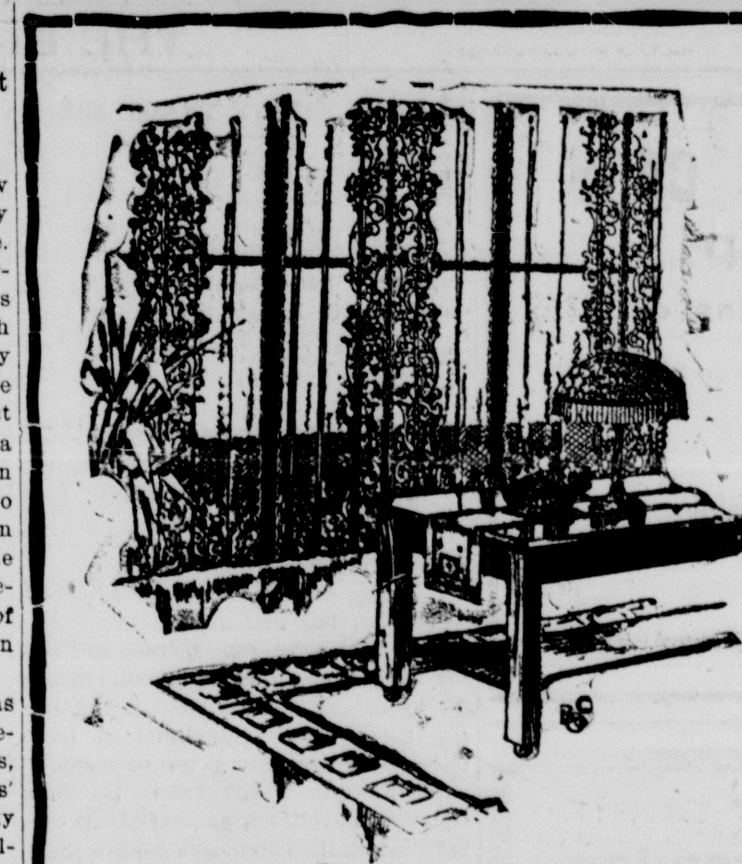

"To deliver the goods," "To be on the job," that, in homely phrases, was the cry of the times. These were the spirit of the kind of efficiency demanded in pulp and press, in lines of business, in teaching and other phases of human endeavor.

Mr. Denfeld related practical experiences in the teaching of pupils in Duluth. "We have boys who do not want to soil their hands," said he. "They all want to work in an office. How many times have you heard a father say to his son: John, I am sending you to school to get an education so you won't have to work. Such boys in many cases are being educated away from the activities of the present day life. Many of these people whose hands and heads you wish to educate, look to an education of the head alone. Parents are responsible in many cases for the attitude of their children regarding manual training."

The curriculum of a high school should be carefully gone over. The system needed betterment when, mentioning an example, 600 pupils graduated from a certain eighth grade and only 400 entered high school.

He pleaded for the attendance of parents at school and for that necessary cooperation between parents, scholars and teachers. The school should be made a social center.

The greatest agency in American life today was the public school, for that was the melting pot of the polyglot immigration which reached our shores and which turned out the

American ideal of citizenship. If the public school failed in its mission, the citizenship resulting would draw down American institutions. Parents, teachers and the public generally should realize the importance of the school system of America and do their share to uphold it.

Supt. W. C. Cobb followed the speaker and referred to "University Week" program commencing about June 9. The tickets were to be handled by the ladies of the Brainerd Musical club and the club was to be backed by Brainerd business men, so there would be the proper guarantee that "University Week" would be a reality. There was to be a number by the dramatic club, one by the university glee club, the university debating club would debate individually or with a picked team of Brainerd debaters, Dr. Forbush, one of the leading lecturers of the country, would deliver an address, and there would be other features. The season's ticket would be \$1.00. There would be no morning lectures. Tickets to the number of 450 would have to be sold to make it a financial success.

At the afternoon session in the Commercial club rooms George F. Howard, of St. Paul, was the principal speaker. Miss Della Wetzel, of Deerwood, read a paper on "Primary Work." Supt. Denfeld addressed the teachers and also, during the afternoon, addressed the pupils of the high school. Seventy-five teachers were present at the meeting in the Commercial club rooms.

BRAINERD 10, CROSBY 6 RUNS

Range Town Puts up a Game Fight,
But is Eventually Snowed Under
by Brainerd

NEVERS, A PROMISING PITCHER

Cook, Zierke and Bush on Firing Line
For Brainerd—Cook Strikes
Out 13

Brainerd beat Crosby 6 to 10 in Sunday's game. Up to the first half of the fourth inning the figures were 3 to 1, in favor of Crosby, and the mining town team of the north range felt rather cheery in consequence.

Then came the fatal half of the fourth when Brainerd solved Nevers' delivery and fell on the pitcher's curves with a vengeance. Before the smoke had settled seven runs had stampeded their way across the plate. It was a glorious swat feat. Everybody got a whack at the ball and it looked as though the team was good for a second round. The day fireworks excelled anything the Fourth of July committee could buy in Chicago.

The air was indigo blue around the Crosby stamping grounds. The feeling of confidence had fled.

Cook pitched six innings, struck out over a dozen and lambasting the ball over the lot whenever he came to bat. Zierke was put in the box. He threw one to Hillis and the Crosby batter nailed a bee liner which Zierke stopped with his bare hand and hurt himself. Three runs were netted from his delivery.

He was succeeded by Richard Bush, brother of the great Leslie. Bush struck out two, copped fouls, held his position well and his work was air tight. No runs crept in and the game was over.

The crowd filled the grand stand and the bleachers and the hillside had its usual quota. Tom Considine umpired the game and there were no kicks.

Crosby put up a good game, considering the fact that they had had very little team practice. Their fielding was good, the work in the outer garden being especially good. It is said that T. E. Siebenthal, mining engineer at the Inland Steel company, is being groomed as a pitcher of the club. The work of the team

was superior to that put up by the league team which Crosby had last year. R. H. Warren is the manager and had very little time to get his nine together. They want a return game.

Machinists union 25.00

Total sent \$178.95

BASEBALL NOTES

Among the Deerwood fans in attendance at the Brainerd-Crosby game Sunday were Hugo Barthelme, Gust Oberg, Gust Franson, H. E. Carlson and E. C. Holmes.

John Mahlum, manager of the Mahlum Lumber Co. yard at Deerwood, watched the Sunday game with interest.

T. E. Siebenthal, mining engineer of the Inland Steel company, of Crosby, kept the score for Crosby and up to the fourth inning entertained high hopes that his team would win.

Will C. Brown, the father of Riverton townsite, was an interested observer of Sunday's game.

H. C. Bailey, the enterprising editor of the Crosby Courier, came to Brainerd to see the game. He said the boys had played a good article of ball, considering the short team practice they have had. This first game had whetted their appetites and he was sure they would want a return game.

Our own Edward L. Rogers held down first base yesterday. Some Brainerd people are not aware of all the honors which are being heaped on Ed's head. He has Jim Thorpe backed off the boards into deep water. Rogers, the once brilliant end of the Gopher football team, is now county attorney of Cass county and at the recent convention of Chippewa Indians at Walker was elected the new chief of all the Chippewas. With Ed. at the head they will get all their rights.

At Sunday's game the hillside rosters, anxious to keep up with the game, sent a special messenger to a knot hole in the fence to find out who was playing second base for Brainerd.

Bids for Cement Sidewalk, Cement Curb and Cement Cross Walks

Sealed bids will be received at the office of the city clerk, in the city of Brainerd until 8 o'clock P. M., May 19th, 1913, for furnishing the material and labor and constructing cement sidewalks, cement curbing and cement crossings, anywhere in the city of Brainerd during the season of 1913, according to plans and specifications on file in the office of the city engineer.

The council reserves the right to reject any and all bids.

V. N. RODERICK,
City Clerk.
By order of the city council
Dated May 12th, 1913.

COMMITTEE ANNOUNCEMENTS

President of Council C. A. Lagerquist Appoints the Council Committees

MAHLUM ON FINANCES & TAXES

Committees Will Take up Work Assigned them at First Meeting

C. A. Lagerquist, president of the city council, has announced the following committee assignments:

Finance and Taxes—Anton Mahlum, George Hess and N. Betzold.

Purchasing, Printing and City Property—J. R. Smith, L. H. Stallman and A. L. Anderson.

Streets, Sidewalks and Bridges—D. A. Peterson, J. R. Smith and Geo. Hess.

Health, Sewerage and Police—Messrs. Hess, Mahlum and Haake.

Fire and Water—Messrs. Stallman, Peterson and Gallupe.

Electric Light—Messrs. Anderson, Mahlum and Stallman.

President of the Council Lagerquist, at the first meeting of the council, apportioned committee work to various committees and now that they are announced, they will be able to take up the matters entrusted to their care and be able to report at the next meeting, May 19.

In the end you will come to Hindiplo Tablets. Why not take them at first. They cure all kidney ailments. Sold at Johnson's pharmacy.—Adv. 273

MUSICAL WEDNESDAY

To be Given Evening of May 14 at Library Hall for Benefit of Children's Hour

The high school orchestra will furnish several of the numbers of the musicale to be given at the library hall Wednesday evening for the benefit of the Children's Hour. The orchestra is well known for the excellence of its work along musical lines.

There will also be several readings and vocal numbers by local talent. One of the vocalists is Little Severn Koop, who has a remarkably clear, sweet voice.

The program in full will appear in tomorrow evening's Dispatch. Admission charges are twenty-five cents for grown people and ten cents for children.

A slight cold in a child or a grown person holds possibilities of a grave nature. Croup may come on suddenly, bronchitis or pneumonia may develop, severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep seated cough, and heals inflamed membranes. H. P. Dunn, druggist.—Adv. mwf

BANKING CHANGES

H. E. Kundert, of Marcus, N. D., Succeeds V. E. Hanson at the Brainerd State Bank

Mr. and Mrs. Victor E. Hanson have removed to Minneapolis where Mrs. Hanson's parents reside. Brainerd people are sorry to lose such estimable young people. Mr. Hanson was the efficient cashier of the Brainerd State bank and still retains his interest in the bank.

His position has been filled by H. E. Kundert, of Marcus, N. D. Mr. Kundert for three years was paying teller of the First National bank of Yankton, S. D., and then cashier of the Security State bank of Marcus, N. D. Mr. Kundert and family reside at 616 North Sixth street.

HOW TO CUT DOWN LIVING EXPENSES

Any Brainerd family can make a big saving and also be much healthier by eating the deliciously appetizing "Minnesota" Spaghetti at least twice each week in place of meat.

"Minnesota" Spaghetti is four times as nutritious as beef-steak and yet costs only about one cent a dish. It contains more proteins than most foods and is therefore more strength giving and less fattening.

It is fine for children—making their bodies strong and healthy. And they are very fond of its rich, nut-like flavor.

Insist on getting the genuine "Minnesota" Spaghetti, made from the VERY BEST DURUM wheat with ALL the wonderfully nourishing Gluten left in.—Adv't.

WANTS

Notices under this head will be charged for at the rate of one cent a word for the first insertion and one half a cent a word for each subsequent insertion, strictly cash in advance, but no ad will be taken for less than fifteen cents.

Own a Home

THE NORTHWESTERN BUILDING ASSOCIATION of Fergus Falls makes it possible for every man in Northern Minnesota to own the house in which he lives if he cares to do so.

It has assets of more than \$300,000, and has money on hand at all times to loan on real estate security to those who want to repay in small regular installments. Its terms are so favorable that you cannot fail to pay for a home if you wish to buy or build one.

The Northwestern Building Association is not a stock selling proposition. It has the money to loan, and you can get what you borrow as soon as the title is examined and the papers executed and recorded. More than 450 homes are now being paid for through this Association.

No loan is too big for it to handle or too small for it to make. Every man who borrows, borrows on the same footing as every other member. There is no way so easy and so certain of paying for a home as the small regular payment.

If for any reason you wish to pay off your loan later on in one payment, you have the privilege of doing so under most favorable terms. If you want to make a partial payment and thus reduce the size of your regular installments, this can be done.

When you pay rent the landlord has the rent and owns the home. When you drive a nail or stop up a crack you do it for his benefit. If you own the house where you live you can constantly add to its value through your own efforts and add to your comfort and pleasure and also get the increase in the value of your property.

If you want a home investigate the methods, plans and reputation of the Northwestern Building Association. They will meet your wants. Don't be discouraged even though you have but a little money to start with. Write to the Association for circulars, application blanks and any information which you desire. Parties in Brainerd desiring to borrow can make their application direct to Mr. Gilbert W. Chadbourne.
